

Among PU machinery and plant manufacturers, the Hennecke GROUP enjoys worldwide reputation as being the company with the broadest product range and highest quality. Our expertise and equipment portfolio covers virtually all fields of PU applications. For more than 75 years, Hennecke has been driving innovation in PU technologies that have gained worldwide acceptance and acclaim - in close cooperation with polyurethane processors around the globe.

For the Bridgeville, PA (USA) office we are looking for

Project Manager

Main responsibilities include:

- Be a strategic partner in the execution of projects aligning all aspects and departments towards the same goals of installing the equipment on time, on budget and in scope.
- Develop External order confirmations and monitor Project scope continuity and react to changes
- Maintain and communicate detailed project schedules
- Design reviews – internal and external
- Tracks and reports progress against goals, objectives, timelines, and budgets.
- Develop testing plans
- Manage/audit project documentation
- Monitor actual expenses vs quoted budgets and perform proper claims management.
- Monitor installation progress
- Monitor scope deviation – margin impact
- Anticipate risk factors and work with management to resolve
- Manages project teams remotely and/or onsite by providing direction and leadership.
- Ensure successful implementation at customers' site
- Coordinate the efforts of other Hennecke teams including Sales, Service, Engineering, Accounting, and Supply Chain.
- Primary customer contact after a project PO is received.
- On site visits of customer production plants to evaluate customer needs and project progress as well as international travel to Germany, China, and Italy to coordinate between the Hennecke entities.

Requirements include:

- 5+ years of experience in equipment project management
- Electrical, mechanical, or chemical engineering degree is preferred.
- Detail oriented person working with minimal supervision
- Communicates clearly and professionally (verbal and written)
- Self-starter with a sense of urgency - proactive
- Ability to manage multiple projects at once
- Customer focused (internal and external)
- Willingness to travel up to 20% with extended stays at customer site.

Benefits:

- Competitive salary commensurate with qualifications and experience
- Comprehensive benefits include Medical, Dental and Vision insurance, 401(k) with Company match, Life, AD&D, LTD and STD insurance, PTO and Holiday programs
- Professional training and development
- A new and dynamic working environment with a fitness center.
