Description:

For undergraduate Operations Management courses.

A broad, practical introduction to operations, reinforced with an extensive collection of practice problems.

Operations Management presents a broad introduction to the field of operations in a realistic and practical manner, while offering the largest and most diverse collection of problems on the market. The problems found in this text also contain ample support—found in the book’s solved-problems, worked examples, and **myomlab, Pearson’s new online homework and tutorial system**—to help students complete and understand assignments even when they’re not in class.

Note: This is the standalone book, if you want the book/access card order the ISBN below:

0133130762 / 9780133130768 Operations Management Plus NEW MyOmLab with Pearson eText -- Access Card Package

Package consists of:

013292062X / 9780132920629 NEW MyOMLab with Pearson eText -- Access Card -- for Operations Management

0132921146 / 9780132921145 Operations Management
