**Description:**

**From Publishers Weekly** A guide for black women seeking to come to grips with seemingly insurmountable difficulties.

Copyright 1996 Reed Business Information, Inc. --This text refers to the edition.

**From Library Journal** Vanzant, inspirational speaker, ordained minister, and popular guest on the

Oprah Winfrey Show, is releasing many of her older books on audio. This motivational work's central message is that life is not just a series of peak or mountain-top experiences but rather a difficult journey that frequently involves passage through dark valleys, "life situations designed to teach character traits or spiritual virtues which have been undeveloped or under-developed." According to Vanzant (Yesterday, I Cried), there are ten valleys into which black women commonly fall: light, understanding, courage, knowledge and wisdom, other people's problems, come-uppance, purpose and intent, nonresistance, success, and love. Experiences that generally propel people into the various valleys are described, as are general ways to escape them. While the author's encouraging words and soothing voice could well offer solace to those mired in a valley, listeners seeking practical advice will be disappointed. For popular collections.
